PROFILE

I am a 400 Level student of Computer Engineering at the University of Uyo, Nigeria. I am passionate about computation and software engineering and currently studying with GoMyCode Academy for my 6-month compulsory student work experience scheme. My interest currently lies in the area of full-stack software engineering where I current learning to build products with JavaScript/React on the front-end and Node/Python in the back-end.

EMPLOYMENT HISTORY

Software Engineer Intern, GoMyCode NG, Lekki, Lagos

April 2024 — Present

Currently enrolled in the full-stack software engineering training course.

- Learning HTML/CSS/JavaScript/React
- Learning Typescript/Node/Nest.js
- Contributing code to my personal project - Calsync, a web-based multi-calendar synchronization tool.

EDUCATION

B.Eng - Computer Engineering (In-view, 4.2/5.0 CGPA), University of Uyo, Nigeria

October 2019 — Present

Computer Programming And Languages, Digital Systems Designs, Microprocessor And Micro controller Systems, Computer Architecture, Computer System Design, Communications Principles, Engineering Mathematics, Electronics Devices And Circuits, (40+ others)
